

1-0: Kelly Point Park (City of Portland)

GPS on beach: 45° 38.916 N, 122° 45.955 W

Kelly Point Park has a large cottonwood forest area, a long sandy beach, and great views of the Columbia River, as well as the confluence of the Columbia Slough and the Willamette. There is a 100-yard walk to the parking area from the beach. Some paddlers may choose to use the put-in on the Columbia Slough, with the adjacent mud/gravel parking lot. Soon this "light watercraft dock" will be improved.
